Hello Eric,

This data should be on the TCEQ FTP. Was Susan able to get you access?

We cannot find the zones and sample sites on the ftp. Can you make sure my account has access. Or send me the ftp directory URL?

Temple/Carol,

Are you all including the sample sites in the geodatabase you are uploading to the FTP site? If not, can you add them?

Subject: Sample Priority for

Good evening Rick,
As discussed, please see below
for the list of sample priorities.
Sample site #69 from Dec 15 is
the first priority. Once the Dec
16 samples arrive, please
prioritize the Zone 2 and Zone 3
lists (respectively) ahead of the
remaining Dec 15 samples. Let's
continue to coordinate verbally,
as well, as there may be
changes in the prioritization.
